## 1 Identification of the substance/preparation and company

NAME:

# FLOOR & WALL CLEANER plus STERILIZER [FWP+]

Manufactured by: CHEMISPHERE UK Ltd [above]

**Emergency Tel No: 0800 018 8062**

## 2 Composition/information on ingredients

No substances classified as dangerous are present at a concentration greater than 1% w/w.

## 3 Hazards information

May cause irritation in cases of contact with skin, eyes, respiratory and digestive systems.

## 4 First-aid measures

<u>Route of exposure</u>	<u>Symptom</u>	<u>Treatment</u>
<b>Inhalation</b>	Mild irritation of breathing	Remove from exposure, ventilate area. In severe cases, or if recovery is not rapid or complete, seek medical attention.
<b>Skin contact</b>	Mild irritation.	Drench the skin with plenty of water. Remove contaminated clothing and wash before re-use. If large areas of the skin is damaged or if irritation persists, seek medical attention.
<b>Eye contact</b>	Mild irritation, reddening, watering, stinging	Irrigate thoroughly with water for at least 10 minutes. <i>Seek medical attention.</i>
<b>Ingestion</b>	Irritation of or discomfort in the gastronomic tract	Wash out mouth with water. Do <i>not</i> induce vomiting. Give plenty of water to drink. Seek medical attention and particularly if patient feels unwell.

## 5 Fire-fighting measures

Non-flammable

Not applicable

## 6 Accidental release measures

**Personal precautions:** Wear appropriate personal protection equipment. See section 8.

**Disposal considerations:** Rinse container out with water before disposing of the container considerably.  
**Spillages:** Sweep up and either return to container or, if small quantity, dispose of.

**7 Handling & storage**

**Handling** Avoid protracted contact with eyes and skin.  
 When dosing equipment or transferring product from container-to-container, avoid vigorous movement which could create air-borne dust which might be inhaled or be transferred to skin, eyes and face.  
 Wear appropriate personal protection equipment; see 8 below.  
 Always reseal container immediately after use.

**Storage** *Keep out of reach of children at all times.*  
 Ensure storage in a location to avoid crushing, collapsing, dropping or damage.  
 Store in dry, damp-free area with lid firmly on forming a damp-proof seal.

**8 Exposure controls/personal protection**

**Respiratory** Wear mask if the application is likely to raise airborne powder-dust.  
**Hand protection** Rubber or PVC gloves.  
**Eye protection** Goggles.  
**Skin** Apron.

**9 Physical & chemical properties**

**Appearance** White or yellow powder.  
**Odour** None.  
**pH** Powder; N/A.  
**Flammability** Not combustible.  
**Bulk Density** 0.74

**10 Stability & reactivity**

**Stability** No decomposition if stored and handled as directed  
**Conditions to avoid** Damp, ingress of water.  
**Materials to avoid** Although a generally innocuous product, as a general rule, do not mix with other chemicals or cleaning materials.

**Hazardous decomposition products** None known.

**11 Toxicological information**

**Inhalation [of dust]** May cause irritation to respiratory tract.  
**Skin contact** Prolonged exposure may result in irritation if skin is damp, e.g. with perspiration.  
 Dry skin; very little effect if powder brushed off promptly.  
**Eye contact** May result in irritation, soreness or reddening.  
**Ingestion** Low oral toxicity.

**12 Ecological information**

**Mobility** Soluble in water.  
**Degradability** Not biodegradable; but degradable by dilution in solution and will neutralise with time.  
**Accumulation** No evidence of bioaccumulation.  
**Environmental effects** Low toxicity to aquatic life.

**13 Disposal considerations**

**Material** Undissolved material must be disposed of in accordance with local authority regulations. Loose powder should be swept up and collected for disposal.  
**Container** Empty containers should be rinsed out prior to disposal.

**14 Transport information**

Not classified for transport.

**15 Regulatory information**

<b>Classification</b>	N/A
<b>Risk phrases</b>	N/A
<b>Safety phrases</b>	S2 Keep out of reach of children.
	S22 Do not breathe dust.
	S37 Wear suitable gloves.

**16 Other information**

**Recommended uses & restrictions** FLOOR & WALL POWDER + STERILIZER is recommended for use in commercial catering, residential and licensed trade establishments for such applications as cleaning floors, walls, canopies, work surfaces, tabletops and for cleaning and degreasing all manner of ancillary surfaces, equipment and utensils.

**Powders - Dry, and in solution** It should be noted that the characteristics of powders can alter significantly between their dry state and their dissolved condition and whether that latter state is concentrated or dilute. An example would be the relative safety of handling a dry powder with unprotected hands if hands are perfectly dry, from which the adhering powder might be brushed off and handling the same powder with thoroughly wet hands or allowing the powder to come into contact with forearms when perspiring freely: the resulting concentrated solution - locally concentrated at the skin - could present a hazard. Therefore, it is recommended that these facts be borne in mind when handling the powder product and evaluating precautions to be taken.

Do not use in any other application than that which is suggested or declared on the label or product brochure.

**Training advice** Since major performance and safety benefits can be derived from correctly using the product, it is recommended that operatives are properly trained on the handling and use of the product.

**Disclaimer:** The above information is based on the state of our knowledge of the product at the time of publication. It is given in good faith and no warranty is implied with respect to the quality or the specification of the product. No warranty is given if the product is used for any other purpose other than that suggested, recommended or declared on the product label or brochure. The user must satisfy him/herself that the product is entirely suitable for his/her purpose.
